| 4) JJAC Grantee Presentation  | Baltimore Links: Positive Youth Development Program |

*The Baltimore Child Abuse Center, Inc.'s Baltimore Links program assists in developing and implementing trauma-informed strategies specifically intended to provide assistance to at-risk youth, including survivors of homicide and near fatalities, in the State of Maryland. The program provides participants with immediate resources to promote family stabilization, case management services to support them in obtaining justice and healing, mentorship and youth empowerment to increase youth protective factors, and provides outreach to victims, victim service providers and the community through awareness and training. Program funds provide personnel support, professional development, and program expenses.*
